

OPERATION PERFORMANCE WORKSHOP SERIES

Lean, 6 Sigma, OEE, WCM, TPM? What else?

How to dramatically improve your production performance

WORKSHOP OBJECTIVES

Do you need to optimize your production costs? Do you wish to increase the productivity of your assets and resources? Are you facing waste issues in your manufacturing facilities?

Because even the world's greatest organizations struggle with the challenge of improving the performance of their manufacturing facilities and implementing methodologies such as "Lean Manufacturing", "6 Sigma", "WCM", and others, we have designed this workshop to help you understand:

- **What are the best production management practices;**
- **How to choose the right methodologies and tools to dramatically improve your production performance in your own factory;**
- **How to implement them in your own production facilities?**

During this interactive session, return on experience and case studies from different manufacturing sectors will be shared by our expert and discussed among the attendees.

DATES

Session 1: 8 July 2014 | Pan Pacific | Singapore

Session 2: 22 August 2014 | Park Royal | Singapore

Christophe Cren

BEng, MSc, CPIM, Lean 6 Sigma Certified

How to dramatically improve your production performance

Workshop Trainer

CHRISTOPHE CREN, BEng, MSc, CPIM, Lean 6 Sigma

Christophe CREN is an international management consultant with twenty years of experience in operational excellence. Christophe helped hundreds of international blue chip companies to improve their productivity and their quality of service.

He has led Lean, World Class Manufacturing, OEE and other operational improvement initiatives in many countries and in many sectors (manufacturing and services), working closely with his clients at all levels, from the board room to the ground, and delivering substantial and sustainable savings to his clients.

Christophe holds a Master of Engineering from the Ecole Centrale de Lille (one of the top French universities) in cooperation with TUM (Technische Universität München, Germany), a CPIM (APICS) and a Lean 6 Sigma professional certifications.

He worked first as a senior Lean consultant and manager for Celerant Consulting and Bearing Point in London and Paris, then founded and developed his own management consultancy in Europe for 12 years. He lives now in Singapore, working as a management consultant in Southeast Asia and in the Middle-East.

Some companies which benefited from his expertise:

ArcelorMittal, Cargill, Chevron, Coca-Cola, DBA-parel, General Electric, General Motors, Heineken, Holcim, Kering, MSD, Renault Trucks, Sanofi, Sealed Air, Shell, Sumco, Total, Valeo, Xerox
